FOR SERVICING AUTOMOBILES

**PIONEERS IN SPECIAL TOOLS FOR AUTOMOBILES**

# OUR SERVICES

## Most Flexible & Agile Product Development:

With over 90,000+ person-hours of experience, our engineers are ready to work with you:

- › On-site or remote support using 3D models and software.
- › Concept Model of the tool will be submitted within 24 hours.
- › Prioritizing your needs for optimal design, development, and delivery.

## Tools Manufacturing with Lifetime Warranty:

Whether you need 100, 1000 or 10000 quantities a product:

- › Olystra will provide the best tools backed by our PQ OT IF model—Perfect Quality, On-Time and In Full delivery of all our products.
- › We use most stringent quality systems and processes to ensure 100% quality product.

## Rapid & cost effective training for your mechanics:

We provide comprehensive training videos for all your technicians:

- › Videos for all tools in various languages as preferred.
  - › Laser-engraved QR codes for instant access to training videos.
  - › Exclusive login credentials for IP measures.
  - › Detailed usage procedures and safety precautions of the tools.
-
